

Masefield Primary School

Overview of the school and numbers of pupils eligible for Pupil Premium 18/19

Total amount £85,800

Number of pupils and pupil premium grant (PPG) received	
Total number of pupils on roll	
Total number of pupils eligible for PPG	65
Amount of PPG received per pupil	£1320.00
Total amount of PPG received	£85,800
Total amount of PPG spend per term	£28,600

Principles

A significant amount of additional funding has been allocated to the school and we are determined to ensure that it has maximum impact. Careful analysis of internal and external pupil level data, historical attainment and progress rate was undertaken to ensure that these funds are used to

maximum effect. Our robust self-evaluation procedures and consideration of current research into effective provision has guided us in deciding where and how to spend our pupil premium allocation.

The pupil premium funding that is received by the school annually is used in a variety of ways in order to improve pupil attainment, rates of progress and overcome barriers to learning. We ensure that appropriate provision is made for pupils who belong to vulnerable groups; this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed. In making provision for socially disadvantaged pupils, we recognise that not all our pupils who receive Free School meals (FSM) will be socially disadvantaged. We also recognise that not all pupils who are socially disadvantaged are registered or qualify for PPG. We therefore allocate Pupil Premium Funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.

Funding for this academic year will be approximately £85,800. School has received funding of £1320 per child eligible for free school meals.

Main barriers to educational achievement

- Delayed development in communication and language
- Delayed development in social skills
- Delayed emotional development
- Behavioural difficulties
- Low attendance and punctuality
- Low concentration and listening skills
- A limited identification of special needs on entry to school

How the allocation will be spent to address the barriers and why these approaches were taken

- To provide teaching assistant support in all classes to ensure that all pupils achieve their end of year targets. This is through quality first teaching and additional interventions, particularly in English and maths.

- **To provide a HLTA to work across school to support EYFS and KS1 teachers with PPA.**
- **To provide access to a school counsellor in order to support pupils with particular emotional and social concerns.**
- **To employ an Attendance and Pastoral officer to monitor attendance and punctuality and also provide support at home for families.**
- **To provide an additional teaching assistant to target low attainment in Year 6.**
- **To provide an extra 2.5 teachers to ensure that there are lower class ratios in Year 2, Year 5 and Year 6.**
- **To provide booster clubs for identified Year 2 and Year 6 pupils.**
- **To provide pupils with additional IT equipment to motivate learning and encourage engagement.**
- **To provide all staff with specialist training in language and communication interventions especially in the Early Years and KS1.**
- **To provide a wider range of opportunities and activities which parents may not be able to fully fund. This includes subsidising residential trips and enrichment opportunities in school.**
- **To provide specific staff training on how to further develop pupils' vocabulary, comprehension and higher order reading skills.**
- **To provide staff training on how to further develop pupils' resilience, teamwork, cooperation and communication skills.**

How we will measure the impact of the Pupil Premium

- **By ensuring every intervention has clear success criteria and is time limited.**
- **By measuring attainment and progress and reviewing regularly through pupil progress meetings.**
- **In house assessments including Boxall and Southampton screen for social, emotional and behavioural aspects.**
- **Regular assessments of pupils' language and vocabulary skills.**
- **Lesson observation of pupils' engagement, enjoyment and learning.**
- **Regular book scrutinies of pupils' workbooks.**
- **Counsellor reports on individual pupil's wellbeing.**
- **Discussions with pupils about their learning**
- **Discussions with parents and staff about individual pupils.**
- **Scrutiny of reports showing outcomes from outside agencies.**
- **Increased attendance and punctuality for individual pupils.**
- **Analysis of attainment and progress data through Standards Team meetings.**

Pupil Outcomes 2018

Data taken from Bolton Data Pack in Sept 18 and School Performance Summary Nov 18

Context of EYFS cohort
