Part A: Pupil premium strategy plan

Statement of intent

Children at Masefield Primary (disadvantaged or not) will be in receipt of high-quality learning which is carefully planned and sequenced and delivered with thoughtful pedagogy based upon strong educational research and knowledge of how children learn.

Through quality first teaching and increased opportunities for reinforcement of learning both within school and in partnership with home, children will make strong progress in reading, writing and maths as well as the wider curriculum.

We acknowledge the direct link between our Pupil Premium children and those with SEND needs. 42% of children who are pupil premium are also SEND and all teachers work very closely with SEND Coordinator and families to ensure a holistic approach to meeting children's needs.

We want to enhance oral language skills, increase basic literacy and numeracy skills, offer increased reading opportunities via reading books matched to phonics and reading for pleasure, and ensure children have access to targeted high quality adult support through targeted intervention programmes. We expect all pupils (disadvantaged or not) to engage in all aspects of school life equally.

We will provide pastoral support for both pupils and parents and will work with families to support school attendance so that all children are able to engage with the full learning experience at Masefield. We will also facilitate a wide range of enrichment experiences both in and out of school, which will positively impact on their academic achievement and well-being.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Low and delayed speech, language and communication skills Pupils with limited use of spoken language and unclear diction. Limited vocabulary. Poor listening and attention skills.
2	Delayed and poor social and emotional skills Pupils' exhibit limited ability to resolve conflict and behaviour difficulties. Limited self-regulation and poor self-control. Poor resilience.
3	Limited and lack of readiness to learn Pupils can be tired, lack organisation, be hungry and are unsure of boundaries. Low attendance and punctuality. Some parents can have low aspirations for their children and a low value of education due to their own negative experiences in education. Some parents are unsure of how best to support their children with learning as education has moved on since they went to school. Low parental engagement.
4	Low income Pupils can lack understanding, general knowledge and vocabulary due to lack of first hand experiences. This can sometimes be due to financial constraints within the family.

5	<p>Unidentified developmental delays</p> <p>Some pupils begin Nursery and school with unidentified developmental delays from outside agencies and some parents' lack of awareness of what to expect when.</p>

Service pupil premium funding

How our service pupil premium allocation was spent last academic year
<p>We use the Service Pupil Premium Grant funding to ensure our service children receive the highest quality of education to enable them to become active, socially responsible citizens of the future. Our intention is that all children, irrespective of their background or the challenges they face make good progress and achieve high attainment across all subject areas. The focus of our strategy is to support service family children to achieve that goal.</p> <p>Children from military backgrounds, often require additional support during particularly challenging times. At Masefield Primary School it is our aim to ensure they have access to a wide range of resources and interventions to support them in reaching their</p>

full potential. High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged children require the most support.

In 2023-24, money was spent on a designated member of staff to have regular check ins when needed with pupils who needed extra support. This was essential due to the changing military picture across Europe and the increased activity for military personal.

The impact of that spending on service pupil premium eligible pupils

Pupil feel confident that they have a designated member of staff to talk to about worried. When something regarding the military action across Europe was discussed in Picture News or Newsround, pupils got an extra session with a member of staff to check they were not worried or upset.
