Transition to Secondary School: Some Recommended Reads

Dear Parents/Carers,

As we approach the end of your child's primary school journey, I would like to draw your attention to a number of books that your child may find useful, as they transition from primary school to secondary school. Recommended in this list are a variety of fiction and non-fiction texts that have at their core issues pertaining to the anxieties and fears that some children may feel about this significant change and how to address these issues, or practical tips for surviving the transition from primary school to secondary school. All these texts would provide some entertaining and informative reading for the summer holidays!

Yours sincerely,

A Klimiuk
