

Year Six: Spring 1

Home Learning Menu

This Home Learning Menu sets out the homework expectations for Year Six pupils here at Masefield Primary School.

Reading

Children should read at home 5 times per week and this should be recorded in their reading record.

Every week, children who read at home have a chance to win a book to keep forever!

Maths

LbQ tasks are set every Wednesday and are due for the following Wednesday. You can find your child's LbQ log in details in their reading record.

Your child should also use TT Rockstars to practise their times tables.

Spelling

Your child's weekly spellings can be found in their reading record.

Weekly SpellingShed assignments are set by the class teacher. You can find your child's SpellingShed login details in their reading record.

Project Tasks

These tasks support the learning taking place across our core and foundation curriculum.

Knowledge Organisers

Knowledge Organisers have been sent digitally for this this half.

Please read these regularly with your child over the half term so they can recall the key knowledge from each subject.

Practice make Permanent!

History

Find our more about the History of Space Travel.

Science

During this half term, we will be studying evolution and inheritance. Create a fact file on Charles Darwin and what he believed about evolution.

Please return any home learning projects in time for our home learning showcase on the final Wednesday of this half-term.
